

Helix Energy

Quarterly Portfolio Report **Q1 2026**

Company-Provided Quarterly Submission
Submitted: April 18, 2026

CONFIDENTIAL — Sagard portfolio company reporting. Internal use only.

Executive Summary

Helix Energy reported Q1 2026 operating results above internal plan. Revenue growth was driven by long-term offtake agreements and improved asset utilization.

Financial Overview

The following table summarizes reported financial metrics:

Line item	Q1 2026 Actual	Q4 2025 Prior	FY26 Budget
Sales	\$64.3M	\$61.1M	\$250M
Recurring revenue	\$56.8M	\$54.2M	—
EBITDA	\$15.1M	\$14.0M	\$58M
Liquidity position	Not provided Q1	See audit supplement	—

Footnote: Q1 liquidity balance will be provided in the audited supplement. Prior period liquidity is disclosed in the Q4 2025 audited financial statements.

Operating Metrics

Headcount: 492 employees at quarter end.

Net churn 1.4% for Q1 2026.

Management Commentary & Outlook

Capital projects remain on schedule for H2 2026. Management expects volumes to trend toward budget in Q2 subject to commodity pricing. Internal forecast for Q2 2026 net churn: ~1.6% (estimate only — not actual).

Key Risks

- Regulatory review timelines on two development assets.
- Follow-up: submit Q1 cash reconciliation with audit pack.
