

# Northwind Logistics

## Quarterly Board Reporting Package **Q2 2026**

Board Pack · Portfolio Company Submission  
Submitted: July 5, 2026

CONFIDENTIAL — Prepared for Sagard Holdings portfolio review. Do not distribute externally.

## **Executive Summary**

Northwind Logistics delivered strong Q2 2026 results across enterprise logistics contracts. Recurring revenue growth remained above plan while the team maintained stable unit economics on core routes.

Management notes that Q1 2026 revenue was \$48.2M (prior period — for reference only). Internal forecast for Q3 2026 revenue is approximately \$54M (projection, not actual).

## Financial Overview — Q2 2026 Actuals

| Metric                         | Q2 2026 Actual | Q1 2026 Prior | Budget Q2 |
|--------------------------------|----------------|---------------|-----------|
| Total Revenue                  | \$52.1M        | \$48.2M       | \$50.0M   |
| Annual Recurring Revenue (ARR) | \$44.8M        | \$42.1M       | \$43.5M   |
| Adjusted EBITDA                | \$10.2M        | \$9.4M        | \$9.8M    |
| Cash and cash equivalents      | \$24.1M        | \$22.6M       | —         |

Note: Budget figures are internal planning targets, not reported actuals.

## Operating Metrics

Total employees: 358 FTE at quarter end (includes contractors).

Logo churn: 1.9% quarterly (Q2 2026 actual).

Prior period logo churn (Q1 2026): 2.2% — historical reference.

## **Management Commentary**

The board approved continued investment in route optimization software and expanded enterprise sales coverage in North America.

## **Key Risks & Follow-up Items**

- Fuel cost volatility may pressure gross margin in H2 2026.
- Follow-up: provide updated cohort retention analysis next quarter.
- Customer concentration remains elevated in top 5 accounts.
