

Lumos Health

Clinical Operations & Finance Review **Q1 2026**

Combined Clinical / Finance Packet
Submitted: April 20, 2026

CONFIDENTIAL — Sagard portfolio monitoring. PHI excluded from this packet.

Clinical Operations Snapshot

Lumos expanded two payer contracts in Q1 and opened a satellite clinic in Phoenix. Visit volumes tracked 4% above the internal seasonal plan.

Clinical KPI	Q1 2026	Q4 2025	Target
Billable visits	62,400	59,100	60,000
Avg. days to claim	11.2	12.4	<=12
Patient NPS	68	65	>=65

Financial Results

Measure	Q1 2026 Actual	Q4 2025 Prior
Net sales	\$25.1M	\$23.8M
ARR (software + care mgmt)	\$22.4M	\$21.1M
Adjusted EBITDA	\$3.2M	\$2.9M
Cash and cash equivalents	\$12.4M	\$11.6M

FY26 net sales budget: \$108M (planning target — not an actual).

People & Retention

Workforce census: 412 FTE at March 31, 2026 (clinical + corporate).

Gross churn (payer / employer logos): 2.8% quarterly.

Unlike the Q2 pack, this Q1 submission includes the full workforce census. Clinical hiring for Phoenix is complete.

Payer & Compliance Commentary

Two large renewals are in legal review for July 1 start dates. Compliance investments ahead of enterprise RFP season remain on track.

Risks & Follow-up

- Reimbursement timing may stretch DSO if one regional payer delays remits.
- Follow-up: share Phoenix ramp cohort economics in the May ops update.
