Note: YoY compares to Q1 2025. Budget variance analysis is in Appendix B (not attached).

Fleet & Workforce

Total employees: 346 FTE at March 31, 2026 (includes contractors).

Logo churn: 2.2% quarterly (Q1 2026 actual).

Active tractors: 412 · Owner-operator share: 28%.

Recruiting for regional dispatch roles remained competitive; overtime hours declined 6% vs Q4 as route densification improved.

Management Narrative

Fuel hedges covered approximately 60% of expected Q2 volumes. Management prioritized warehouse automation pilots in two hubs ahead of peak season.

Risks & Board Asks

- Diesel price spikes could compress gross margin if hedges roll off early.
- Customer concentration: top 5 accounts = 41% of Q1 revenue.
- Ask: approve incremental \$1.8M capex for WMS upgrade in Q2.
